Ey swayel ECME families,

We hope everyone is staying safe and warm! We wanted to share with you a few bits of information before the start of school on Monday January 10th. These measures will be in place for January and will be re-evaluated at the end of the month. Together we can ensure, the steps are being taken to keep our schools open and safe for all those involved.

Soft Start / Soft End

* Drop off – 8:25am to 8:40am / * Pick Up – 2:15pm to 2:23pm

* Drop off and Pick ups will happen at the outside classroom doors

* For a student to leave before the 2:23pm bell, someone needs to be at the classroom to pick them up or arrangements can be made with the classroom teacher

* If your child arrives after 8:45am and leaves before 2:15pm they will need to go through the front door and check in with the office

Essential Visitors inside the school only

- We ask that all adults remain outside the building
- This includes visiting the office, volunteering in classrooms, meeting teachers etc.
- If you need to speak with clerical, please call the school and teachers can be reached with a phone call or email

Hot Lunch Program

- Will continue as it has been deemed essential.

Hallway & Classroom Configuration

- Classrooms are restructured to ensure students are facing the same directions (in rows), minimize carpet time, ensure traffic flow patterns, etc.)
- Students will be accessing common areas such as gym, library, and music through interior doors and exiting through exterior doors.

Extra-Curricular Activities

- Student leadership programs at ECME will continue.
- Sports teams will continue but likely modified for game days. (Maximum two teams per game day)

Masks & Illness

- Staying home if you are sick: If your child has symptoms of any kind of illness, do not send them to school (coughing, sore throat, runny nose, fever etc.)
- Encourage mask wearing, especially around others and staff members.

Please remember that we have staff and students who are immune compromised and live with elderly family members. These measures are meant for individuals own safety, but also for the safety and wellbeing of others.

*Our team and community are working together to keep our school open for in person learning.
Thank you for your patience and cooperation.*
